

Subject: Boys High School Report

From: Mark T. Manney, President MHCA

To: Minnesota Hockey

Date: June 21, 2017

2017-18 Outlook

- A lot of coaching turnover at big name schools including Minnetonka, Grand Rapids, Breck, Holy Angels, Cloquet, Bemidji, and more.
- Once again it appears like most of the top players will be back in high school next year. The exception appears to be in Grand Rapids where they may lose three players to the USHL or the NTDP.
- There are no significant rules changes planned from the governing body.

MHCA Fall Clinic

- Fall clinic is scheduled for September 22-23 at the Roy Wilkins Auditorium. This year the Minnesota Girls Hockey Coaches Association is joining us as a partner and it will also serve as the fall Level 4 clinic for USA Hockey in Minnesota. We are expecting 500-600 coaches of all levels to attend.
- In addition to the MGHCA, the Minnesota Wild, Minnesota Hockey, USA Hockey, and SportsEngine are partners for the event.
- Hall of Fame luncheon will be September 23rd at 12:00 PM in the Roy Wilkins Auditorium
- The Wild are playing the Colorado Avalanche in an exhibition game at Xcel Energy Center at 5:00 PM on September 23rd. So, after the clinic, attendees can take in a game.
- The MHCA Board has its fall meeting September 21st in St Paul, time and place TBD.

High Performance

- As in past years, the MHCA has been proud to partner with Minnesota Hockey in providing coaches, evaluators, and administrators for the High Performance camps in the spring and summer.
