Payment Rules and Options for PRIVATE CATERED MEALS

Full prepayment is due 1 week prior to arrival.
\$1.00 + tax is automatically added per person for your server.

Option 1: One check to pay for everyone will be due 1 week prior to arrival. I will need to know the number of people in each age group listed above and then I will create an invoice for final payment.

Option 2: We can bill each family directly to their hotel rooms. We will still need to know how many people in each age group for each family one week prior to arrival. We will then go into their reservations and add the charges directly to their room and they will pay at check out.
