

# **Post 307 Baseball – Policy Regarding Players Moving from Roster to Roster during the Season**

## **Player Movement Policy**

The Board of Directors of Post 307 Baseball has voted to allow coaches and/or the Director of Baseball Operations to decide to move certain players from their current roster to another roster for a game or tournament, from time to time, during the season.

The Board suggests the coaches from both the team gaining the player and the coaches from the team giving up the player be consulted and in agreement with the decision.

In addition, the Board suggests that both teams' entire roster of players be briefed prior to the game/games giving the reason why it is occurring and for the duration expected.
