## **EAA Hires Brian Kaufman as Executive Director**

Brian spent last season 5 years as Head Coach and General Manager of the Omaha Lancers hockey team.

Brian said "As head coach of the Lancers, I was focused on player development and growth. I am excited to bring that same focus and attention to the young athletes of Elkhorn. I'm looking forward to meeting the families of EAA and ensuring their children have a great experience with the program."

Kaufman's position is the first full-time Executive Director for Elkhorn Athletic Association and reflects the fast growth of the club in the Elkhorn community as a non-profit volunteer-based organization focused on developing young

athletes. EAA currently offers football, baseball, softball, and basketball to over 3,000 youth in the Elkhorn community.

---

## Sports Complex Interest Survey

Elkhorn Athletic Association is considering the need and potential merits of developing a multi-field baseball, softball, football and soccer complex near Elkhorn, as well the proximity to other amenities to meet the needs of local users for games and practices and to host tournaments that draw out-of-town teams.

We are seeking your feedback on the proposed complex, including your household's sports participation habits, interest in utilizing the proposed complex, and desired amenities to provide a first-class experience for players, coaches, spectators and visitors.

## New Website Announcement

We have some exciting news! We listened to your feedback and have built a brand new website which will launch at the end of the year. It will have a fresh new look and will have easier navigation to help you find the information that matters to you.

When the new website launches you will no longer use your current EAA account which is provided by Blue Sombrero. Our new website and registration is provided by Sports Engine; so you will need to create an account with them when you register for your next season. Already have an account? Great, you can use your current login when you are ready to register for your next season.

## Evolution Softball and Baseball Registration

Registration for Evolution Baseball and Softball will now open today, September 1st, and close January 31st. This change will allow the EAA staff more time to prepare for the season.

Fees cover the following items:

Jersey/Hat (Baseball), Jersey/Pants (Softball), practices/games, indoor practices/clinics at ETC, Elkhorn field prep and maintenance, Omaha field

usage fees, EAA general operating costs and Umpires.

## ACL Injuries and Treatments

Some of the most common injuries we see in Sports Medicine are sprains or tears to the anterior cruciate ligament, or ACL.

What is the ACL?

The anterior cruciate ligament is one of four ligaments found in the knee and is crucial in many pivoting and jumping sports. The ACL prevents the shin from slipping toward the thigh bone, and provides rotational stability to the knee. An ACL injury means the major support system in the knee is no longer functioning.

For more on ACL injuries and how to treat visit our website.
