

MSGHL League Conference Call
Wednesday, November 7, 2017

I. Meeting Commenced at 8:00 PM

A. Board attendees

- Jeff Schultz - President
- Karl Borski – Sec. Treas.
- Shannon Schmitt - VP
- Jim Schlegel – Schedule Director
- Lisa – Communications Director

B. Association attendees

- Tom Neale – New Mexico
- Bryan Smith – CO Select
- Larry Sweeney –SLC 16U
- Robert – CO Select
- WEHA
- Summit
- Vail

C. Absent

- Aspen

II. Treasurers Report

\$5,602.20 Current Balance.

Several of the HALO (awards/banners etc.) have already been paid for putting us ahead of where we were last year. Three associations still own league fees but assured they are coming as they have been passed along to the proper folks with in their associations.

III. Tournament Report

Handbook is going to be posted early this year. This should help with information getting out to all member associations to help alleviate and pre-tournament confusion.

Top 5 teams at 12U

Top 6 teams at 16U -19U

IV. Schedulers Report

Due to the changes to WEHA 12U the schedules had to get moved around to accommodate SLC and their extensive travel weekends. They are trying to minimize and single match weekends wanting to play 2 teams. It appears that all associations have made it work out.

V. Communications Report

Lisa- Compiling the "Contact list" and should be completed and circulated soon.

VI. Other Business

Aspen and West Elk 19U rosters are not up. These need to be up prior to the start of the first game. Time for scorers to post on Sport Ngin needs to be 24 hours after the last game ends.

Scoring after first weekend seems to have gone smooth no glaring issues as of yet.

Roster links needs to be sent to BOD then BOD sent on to Shannon as Roster Head. This is critical for insuring compliance especially with regards to the 16U (actually 15U) division.

Tier II scheduling conflicts continue to be impacting MSGHL schedules and team rosters.

Need to fill the VP at CAHA level for Girls Hockey.... Should be a member of MSGHL.

Meeting adjourned at 8:30 PM
