PROJECT UPDATE

December 15, 2017

As part of the Long Term Officials Development program, we committed to keeping the Match Officials Community updated on our LTOD activities.

We are pleased to announce that we have reached or surpassed our LTOD goals for 2017. Much of this is due to that fact that the community is embracing LTOD and offering it's input and assistance.

This activity update is a snapshot of what is happening in Long Term Officials Development. The planning, administration, additional meetings, follow-up and analyzing of all surveys and post-presentation questions are in addition to what you see here.

We are looking forward to 2018.
