

Saratoga National Little League- Parent Expectations

Dear Parent/Guardian,

Thank you for permitting your child to participate as a player in the Saratoga Springs National Little League. We are very proud of our league, our players and our coaches. We look forward to providing your child a rewarding and fun baseball experience.

But, we can't do it alone. We will succeed only with your support and involvement. Below is a list of what you can do to best assure your child has the most positive experience possible.

Please make every effort to...

- Attend your child's games.
- Be supportive of your manager and your team.
- Communicate with your manager in appropriate ways.
- Cheer for all players on all teams.
- Be a positive role model.
- Respect and support league volunteers and umpires.
- Understand that baseball is a very difficult game to learn and play.
- Look for opportunities to work with your child on the skills of the game.
- Be positive and supportive whether your team wins or loses.
- Model good sportsmanship.
- Find something positive your child did in each game and tell him/her about it.
- Never focus solely on winning or losing.
- Never yell at players in an inappropriate manner, especially at your own child.
- Remember, the game is for the children-help them enjoy it!
