Player Agent Role and Process

Player Agents

- The objectives of the player agent are:
 - To place players with on team with proper managerial/coaching support
 - [League Directors](#) are accountable for soliciting Managers and Coaches
 - A manager is needed for every team.
 - The manager is the lead parent for that team.
 - It can be done by committee, but one person must serve as the manager
 - Make sure that there are coaches for each team.
 - Prefer that there are at least 2 coaches for every manager, more is even better.
 - Make placing players with their fellow school mates a priority
 - When a school has enough for multiple teams, it works best to have the manager divide the players
 - Note: Manager assigned team need to be balanced - no all K team and an all 1st grade teams
 - When we have extra players or player at a school that doesn't have enough for team, we try to keep those players together.
 - When assigning players classified as "other", we try to align to the neighborhood if possible...closest school team.

Team Formation - Data handling

- Create a Team Column by
 - Duplicating the School column
 - Then changing the header to "team"
 - The team column will make the process easier to manage
 - We will want preserve the school reference later and
- Sort by the team name and players last name
- Sub total based on team name
- Note the team counts

Team Formation – Player grouping

- Ideal team sizes are:
 - Instructional 6on6: 12
 - 13 – 14 range is acceptable
 - Rookie: 12
 - 10-13 range is acceptable
- Look for logical groupings
 - Schools with multiple team potential
 - Change Team for player to School 1 or School 2 (PD 1, PD 2)
 - School that combine to form one ideal team
 - Change team to hybrid of school names (SMG/BA – St Marys /Belle Aire)

Team Formation – Team assignments

- Schools with multiple teams
 - Ask managers to divide and assign their players
 - Need managers and coaches to cover each team
- When a school/team doesn't have a manager, look to have a coach step forward
- When no manager or coach, then we have a parent step forward
