Youth Football & Cheer

About us:

The Crestview Area Youth Association (CAYA) was established in 2003 to provide development and mentorship for young boys and girls, ages 5-14, in the Crestview Area. CAYA strives to find elite competition and challenges for our kids to improve on and off the field so there are prepared for the next level.

We are members of the Panhandle Youth Football Association (thePYFA.org) along with 10 other local areas in Northwest Florida.

Our Mission

We, at the Crestview Area Youth Association, want to provide a positive environment that fosters a high level of competition and citizenship through the tenets and values of discipline, passion, character, and respect. We will strive to furnish the development of athletes of all levels and prepare them for the next level in their respective sport while teaching them teamwork and responsibility. Our goal is to transform our little ones into leaders in life.

Practice & Games

CAYA teams practice in Crestview at Elks Field (5550 Elks Lane, 32539) during the week and play home games at Shoal River Middle School (3200 E. Redstone Ave, 32539) on Saturdays.
