Eagan Lacrosse Chill Manager Role & Responsibilities

According to US Lacrosse, each youth team is required to have a Sideline Manager. A CHILL Manager is YLM's variation of that requirement. • A CHILL Manager is a team parent who is responsible for monitoring and enforcing US Lacrosse's and YLM's sportsmanship directives.

What does CHILL stand for? *Cool Heads Instill Life Lessons*

- Go to www.youthlaxmn.org and register yourself as a CHILL Manager for your team.
- Prior to the season/games: – Understand that ROOTS means showing Respect for Officials, Others, Teammates, and Self – Meet with your team parents to emphasize USL/YLM's sportsmanship directive of ROOTS – Print out USL's Sportsmanship Card from www.uslacrosse.org
- On game days: – The CHILL Managers will meet at the scorer's table prior to game time – The CHILL Managers from both teams will meet each other, meet the corresponding coaches, and meet the officials – The CHILL Managers will remain visible to the officials during the game – DO NOT wait to be summoned. Go to the table when you arrive at the field.
- During games: – Be available to the officials if they need to speak with you about sideline behavior – Be willing to politely ask parents/fans to act respectfully toward the officials, the other team's coaches, and the players. – Be willing to speak with officials at half time about unmanageable sideline issues. – Be willing to take measures to control unruly fans.
- After the game: – Report the score of the game to www.youthlaxmn.org (typically the coach or team manager will do that) – Report any significant issues or incidents of unsportsmanlike conduct by players, coaches, or fans to www.youthlaxmn.org. There is an Incident Report form on the left-hand menu.
