Re: MAHA Player Development Camp  
Date: March 23-25

Montana Hockey Players & Parents-

The annual Montana Player Development Camp is set for March 23-25 in Bozeman, MT. This year's camp has been significantly expanded from past camps (schedule attached) and will include:

- 5 on-ice sessions per age group
- Informational presentations from guest speakers
- A diverse coaching staff from multiple MT associations & collegiate teams
- Custom MT Player Development jersey for each player
- Custom Montana Hockey water bottle for each player
- Goalie specific training, information, & feedback

The Montana Player Development Camp is not only an opportunity to develop individual skills and compete against the top players in the state, but it is also an important step in USA Hockey's player development process.

Players attending the Montana Player Development Camp will be eligible for a potential invitation to represent Montana at the Northern Plains District camp set for May 4-6 in Grand Forks, ND. Players attending the District Camp will:

- Be on the ice with NCAA College, Junior, AAA, Prep School, USA Hockey National personnel.
- Have the opportunity to measure themselves against the best players in the district (MT, WY, ND, SD).
- Be exposed to scouts and higher level coaching.
- Be evaluated and ranked for selection to the gender and birth year specific USA Hockey Multi-District & National Select Camps.

Registration can be completed online at [www.mthockey.com](http://www.mthockey.com). March 23-25 is set to be a great weekend for Montana hockey and I truly look forward to your participation.

Pete Kamman  
Coach-in-Chief, Montana
