RECREATIONAL DANCE MAKEUP PRODUCT RECOMMENDATIONS

Makeup is NOT required for pictures, but is necessary on stage so the dancers' faces aren't washed out by the stage lights. The instructions below are for full stage makeup. If your dancer will not be wearing full stage makeup, it is recommended that they wear a minimum of mascara, blush and lipstick. 2 year olds through 5 year olds should NOT wear eyeliner underneath their eyes, to maintain a more youthful look. To complete this makeup look you will need powder, blush, eye shadow, eye liner and mascara or false eyelashes, lipstick.

You may purchase makeup products of your choice from your local retailer:

Foundation: Select a shade that matches your dancer's skin tone by your brand of choice
