## **All Soccer Programs**

- Online registration begins April 1st. The primary registration period goes to May 31st.
- Depending on teams numbers and player counts the registration may be cut off early or extended longer. The last date for registration depends on team sizes and number of teams at each level. OHYA starts closing down levels in late May or early June when all of the teams at a level are full and it is determined that another team cannot be added.
- Sometimes a waiting list is created if there is a chance of forming another team. The best way to be sure your son or daughter has a place on a team is to register in April or early May.
