

The Rudrud Family would like to nominate Trista Sutter for a Vail Mountaineers board position.

Over the past hockey season Trista has been fantastic. She stepped up as a new parent to the Mountaineers and took on the position of Team Manager, not an easy task for a new hockey family! Trista was willing to jump into the position whole heartedly! Her communication and organization skills were perfect for this position, she kept our team informed of all schedules as well as schedule changes and kept us all on task. Every task was taken on with enthusiasm! It can be a very stressful position to hold, she did great.

Most importantly Tristas is caring, friendly, approachable and genuine. She truly cares about all of the players and the team as a whole. Her enthusiasm for hockey is contagious, we all enjoyed being in the stands with this amazing mom. Her family is now a hockey family, and she is embracing it! I know she and her family will be with the club for many years to come.

As our family will be involved with the Vail Mountaineers for at least 4 more years, we would be more than pleased to support and encourage Trista as a board member

Either Pete or I would be happy to give additional information or details if you like. Please reach out anytime.

Thank you for your consideration!

We have 4 votes from our household...5 if you include Ripley, he really likes her as well :)

Tyra, Pete, Mason, Brock & Ripley
