**Head Coaches:** Please indicate your preferences for fields, days, and times below. Please provide choices! Due to limited field availability, please assume you will only get assigned one practice day per week. If you really need a second day, plead your case in the Special Requests section, and we will see what we can do. In general, older teams will have priority for any available second practice slots. Practice times are typically either from 3:30 - 5:00 or 5:00 - 6:30 until daylight savings time ends. Remember the Friday Skills Clinics are available as a second team practice.

There are two fields at Solana Vista and Billington Field (CDC) is divided into two fields. Most of the fields are large enough to share with another team.

**Please indicate in the comment section below if you are coaching (head or assistant) more than one team.**
