

## Strike FC Recreational Request Policy

Each year Strike FC gets numerous requests for Recreational players to be placed with a particular friend or coach. Unfortunately, we cannot honor special requests. With 1200+ Recreational players, it makes it impossible to honor all requests. We understand carpooling is an issue for families. We make every effort to place at a minimum one child (and typically many more) from your child's school on the same team. Multiple teams practice at the same location and time. This also allows families to carpool with children from other teams. For late registrants and spring-only registrants, children are placed on teams based on roster need.

Thank you,

Strike FC Wisconsin
