### CURRENT WORDING

None.

### PROPOSED WORDING

2.6 b) iv) On-Ice Officials with additional rider for dental insurance of at least \$10,000 per occurrence.

### RATIONALE

When needed, Hockey Canada insurance totaling \$2,500 (\$1250 per tooth), is insufficient. Typical repairs can range from a few hundred dollars per tooth to many thousands. On-ice officials are unable to wear full shields, and are more exposed to puck or stick trauma as the game progresses and speed of players and pucks increases. The Hockey Canada available rider is only available as a group wide plan and not only provides additional financial coverage but perhaps most importantly extended claim times which is important to dental trauma. Often the extent of required repair cannot be ascertained within typical policy time limits. BFL's rider allows approximately twice the normal period.

The negotiated rider is very reasonable at \$4.50 for an additional \$10,000, and is fully recoverable through registration rates.

Our Referee-in-Chief reports that numerous officials and associations he has contacted are supportive.

## Notice of Motion #: 2018-05

**Amendment To: Regulation – Exemption to Play in Another Centre**

**Regulation: 3.5 b)**

**Page#: 107**

**Submitted By: Markham Waxer AAA Zone Inc.**

**Signatures: George Schnarr/Gary Ashford**

### CURRENT WORDING

- b) Current Methods of Player Movement
  - i) The Waiver system will continue for the AAA hockey program as per the current OMHA/ Alliance regulations
  - ii) The current LOR regulations remain in effect
  - iii) Players from an Association that is unable to roster a team in a season may try out in the next nearest Centre per OMHA Regulation 3.5 a)

### PROPOSED WORDING

- b) Current methods of Player Movement
  - i) AAA
    - a) Novice to Major Peewee OMHA residential players are eligible to try out and participate with any AAA team within the OMHA providing they have attended the tryouts with their home AAA association/zone and have been released. Players leaving the OMHA to play AAA with another Member's AAA program must follow the current OHF Waiver Regulations.
    - b) Minor Bantam to Minor Midget OMHA residential players are eligible to try out and participate with any AAA team within the OMHA. Players leaving the OMHA to play AAA with another Member's AAA program must follow the current OHF Waiver Regulations.
    - c) At the end of each season all AAA players on OMHA teams are automatically released and must return to try out in the subsequent season in accordance with 3.5 b) i) a) and b).

- d) There are no restrictions on the number of non-residential OMHA players that an OMHA AAA team may carry in a given season.
- ii) The current LOR Regulations for AA and A remain in effect.
- iii) Players from an Association that is unable to roster a team in a season may try out in the next nearest Centre per OMHA Regulation 3.5 a).

## **RATIONALE**

The present system is unfair to players/ teams as the rules for 5 of the 23 AAA Centres / Zones are different than the other 18. This has created an inequity between the OMHA LOR Centres and other OMHA centres.

As this change is only for Minor Bantam thru Minor Midget (Midget AAA is already Freedom of Movement) we feel that this change puts the interest of the Players first; isn't that why we are here?

Promotes consistency across OMHA AAA programming

To ensure the alignment of AAA programming with the Long Term Player Development (LTPD) pathway

**Amendment To:** Regulation – Exemption to Play in Another Centre

**Regulation:** 3.5 c) vi) 5

**Page#:** 110

**Submitted By:** Lincoln Minor Hockey Association

**Signatures:** Steve Arsenault/ Chris Unrau

### CURRENT WORDING

When a player's home centre is base category AAA, AA or A, after fulfilling all tryout commitments at his home centre, a player may try out for one (1) OMHA BB or below base category centre. To be eligible the player is required to be the Minor Peewee age (eleven (11) years old) or older as of **December 31<sup>st</sup>** of the current playing season; OMHA **Regulation 3.6** is not applicable. Maximum number of rostered "Non Resident Players" (NRP) is three (3) per eligible team. Once a team has rostered an NRP then no replacement NRP will be permitted.

### PROPOSED WORDING

When a player's home centre is base category AAA, AA or A, after ~~fulfilling all tryout commitments at his home centre~~ **exercising their AAA, AA and A options as per OMHA Regulation**, a player may try out for one (1) OMHA BB or below base category centre.

To be eligible the player is required to be the Minor Peewee age (eleven (11) years old) or older as of **December 31<sup>st</sup>** of the current playing season; OMHA **Regulation 3.6** is not applicable. Maximum number of rostered "Non Resident Players" (NRP) is three (3) per eligible team. Once a team has rostered an NRP then no replacement NRP will be permitted.

### RATIONALE

When the NRP program was introduced it was clear that its mandate was to allow players to participate in hockey at the highest level their skill set allowed. AE programming is not mandated by the OMHA and to force a player to play at the AE level rather than be allowed

to tryout for a BB (or below) centre would be contrary to one of the fundamental reasons the NRP program exists. To allow players to participate in tryouts for BB (and below) centres after completing tryout for base category would also assist in alleviating the issue of losing diminishing numbers that these centres have been faced with since the onset of the NRP program. BB and below centres lose players to the NRP program. If the intent of this Regulation is to help replace players lost to the NRP in the (upwards) direction to AA and A then players should be allowed to move in the opposite direction to BB and below and not be forced to tryout at AE levels before moving.

## **RATIONALE**

With increasing ice costs it has become imperative for centres to maximize their ice usage. Since the vast majority of centres distribute ice in 1, 1.5 and 2 hour blocks it is prudent to have a 1:30 ice time slot in order that centres have the option to maximize their ice usage by utilizing a 12-15-15 if they wish. Currently for a 1.5 hour ice time, a maximum of 10-15-15 can be used. This results in unused ice remaining at the end of these games.

## Notice of Motion #: 2018-13

**Amendment To:** Regulation – Game Officials - Restrictions

**Regulation:** 18.2 c)

**Page#:** 162

**Submitted By:** Ajax Minor Hockey Association

**Signatures:** Colleen Ruber/ Kim Delong

### CURRENT WORDING

18.2 c) On-ice officials who work consecutive games must adhere to a minimum rest period of one (1) hour for each consecutive game before working the next scheduled assignments.

Note: An official who works two (2) consecutive games may rest for a minimum of one (1) hour and then work a single game providing a two (2) hour rest period is adhered to following the single game.

### PROPOSED WORDING

18.2 c) On-ice officials who work consecutive games must adhere to a minimum rest period of 30 minutes for each consecutive game before working the next scheduled assignments.

Note: An official who works two (2) consecutive games may rest for a minimum of 30 minutes and then work a single game providing a one (1) hour rest period is adhered to following the single game.

### RATIONALE

This would allow for more leeway to referee assigners to get games covered while keeping a rest period intact (mainly for tournaments) so that games can be played. It would maximize an official's availability on any given day. Neighbouring GTHL has zero restrictions on officials, and many GTA-area officials are lost to their tournaments.
