

ROCHESTER CLASSIC TOURNAMENT JUNE 1 - 3, 2018

Thank you for traveling to the city of Rochester for a GREAT weekend of baseball. RYBA is committed to putting on the BEST tournament possible, and we hope your team's experience is memorable and fun. The following is a summary of what you need to know before tournament weekend:

OFFICIAL TOURNAMENT WEBSITE: <http://www.rybamn.com/classic>

All updates will be posted to the RYBA website as soon as results are reported to the tournament officials at the main complex. This is the ONLY place that official results will be announced.

TOURNAMENT HEADQUARTERS: The tournament officials can be found at the main Snack Shack at the Rochester Baseball Complex during tournament hours. Questions regarding tournament rules, status or results should only be asked by the head coach or qualified assistant. Please understand that we won't be able to take questions from players, parents, or other fans.

Umpires will only answer questions regarding BASEBALL RULES. All tournament rule and policy questions should be directed to the tournament director. Umpires will not make tournament rule decisions.

CHECK IN: Check in for the tournament will be done on-line. There will be no need for the head coach to report to the tournament headquarters prior to the start of the tournament as long as this is completed. The head coach must have printed roster forms and coach concussion certificates available if asked by a tournament official.

INCLEMENT WEATHER

Weather can be unpredictable during this time of year and rain delays are always likely. Over the years our organization has become uniquely equipped and prepared to mitigate most weather scenarios. In most instances, we simply face a short delay while we wait out the weather and repair the fields. In the event of a major storm, we simply ask that teams remain patient and continue to check the tournament website for updates. As soon as decisions are made by the tournament director, they will be posted online.

See the Inclement Weather Guidelines attachment for more details about the options we will follow.
