

2019 Elk Pride Youth Football Camps

Join the Elk River High School football players and coaches as they will conduct football camps for all boys and girls interested in learning the skills of the game.

The goal is to make every player who attends one of these camps a better and more knowledgeable football player. The camp will include offense and defense instruction. The camps will teach the proper techniques of blocking, tackling, throwing, catching and running. Each day will end with a game of touch football or a football related activity.

Camps will be held at the varsity practice field behind the ice area. Register online at – <https://elksfootball.sportngin.com/register/form/700283569>
