 - b. Cheer/Pom- walk through at Howell
 - c. Equipment – equipment return Sat November 10th
 - d. Registration-nothing
 - e. Volunteer- volunteer requirements, added 5 in concessions for opening and closing.
 - f. Events- nothing
 - g. Concessions- New GFS account card has been great. Streamlines the payment process and their backend email notification to Chris helps with potential lost invoices from purchaser • Changed to Pro Pizza since week 2 - positive so far. Repeat volunteer staff have said the pizza is better quality and holds better • Donuts have been a nice addition. Announcements over the PA system help drive sales • There has been no purchase of a small chest freezer. This may be a 2019 purchase • We are currently running a 61% cost of goods. This is a little high. We should be closer to 52%-55% based on menu pricing. I have ideas on how we can help lower this moving forward. This number includes current food, beverage and paper inventory at both Old and East... We might be closer to a 55% COG when taking current inventory into account • Thanks again for all the support setting up and closing concessions. Big help when we have 7:00pm games at both fields
- VII. Old Business
- VIII. New Business
 - a. Discussion of Novi and Lakes Area- 2018 trial season in our league.
- IX. Adjournment- 8:19pm, Byron motioned 2nd by Evelyn all approved.
