COACH CORNER

Joanne & Tabre

So proud of the girls (last weekend)! We have our first tournament win of the season under our belt and I can tell the girls are ready for more. Seeing the relationships these girls have on and off the court is so great! Even though we had 3 girls playing positions they typically do not, every person on the team stepped it up in one way or another to make sure that we were still able to play our game and take care of business.

With multiple girls playing positions they typically do not (Ally, Julie and Anna) and succeeding at them, and the rest of the team stepping up to support them in many ways (LOVED this), the choice this week was a tough one. After looking through the stats and thinking back to what we saw on the court, Julie Dean was chosen.

Julie had a great day (last weekend)! From our 5 matches, Julie made up 24% of our teams 50 aces, 18% of our teams 117 playable serve receive balls, 10% of the teams 96 kills and 12% of the teams 196 playable digs. Awesome job Julie and great job to the team!

JULIE DEAN

With two local tournaments left and three qualifiers, I think the wins from (last week) will help with our team's energy and confidence to succeed in our future playing dates.

The girls have been hard at work focusing on speeding up their game with some free ball plays, more aggressive serves & hits and passing the ball closer on the net, it was great seeing that in play (last week) and we are excited to continue working on this to make it even more effective for future tournaments

A few quick stats to show the improvement include: 33% of the teams 295 swings were kills, with 9% hitting errors. 82% of our digs and 91% of our serve receives resulted in a ball to the setter!!
