

February 21, 2020

I am writing to notify my interest in continuing to serve on the board for Becker Big Lake Youth Hockey Association. I have been a part of the board for the last nine years. The first year serving as Fundraising director and the last eight years I have been the Treasurer. I have been a very active board member, participating in many activities outside of the financial responsibilities and I have enjoyed them and would like to continue to do so.

I have been an active coach the last nine years. Coaching termites through peewees. I have headed up and enjoyed the Jr Eagles program. I have also participated in Try Hockey for Free and Learn to Skate programs.

I have tried and will continue to help make the hockey experience great for both the players and families.

Thank you

Steve Peterson
