Did you know September is childhood cancer awareness month? 43 children in the U.S. are diagnosed with cancer each day, 300,000 children are diagnosed worldwide each year! One child, Vincent Nowroozi needs our help! He is 2 years old and has been battling brain cancer since he was four months old. He is in his third battle against AT/RT, a very aggressive form of brain cancer. He has been through so much and has extensive medical bills.
