

LIBERTY BLUE JAY GOLF EXPECTATIONS & RULES OF CONDUCT ON THE COURSE:

***Any violation will result in missing your next scheduled playing assignment(s) or dismissal from the team:

- Take care of your grades. Academics are more important than golf, stay on top of things and communicate with your teachers.
- You are issued Jays Golf clothing which is to be worn in practices and competitions, no substitutes.
- Conduct at Shoal Creek at all times needs to be at its highest. Treat their staff with respect and do not cause an issue that might jeopardize our opportunity to practice/play there. If you are not a member there, **when practice is over**, you may only chip and putt or pay to play/hit range balls. Do not abuse this rule.
- Effort, attitude, how you practice and how hard you practice will be factored into playing assignments.
- If you are to be absent, call Coach Bertoldie ASAP. Communication is extremely important.
- Work hard on your game outside of our practices. Devote time and energy to making yourself a better BlueJay Golfer
- No spot is guaranteed. We want players who want to play well and get better each and every day. It takes hard work, will you put forth the effort to be great?
- Every putt must be holed out.
- Use of proper putting technique at all times. (ie. no backhanding, one-handed putts, scooting putter head on green, reach across a hole to putt out).
- Unsportsmanlike behavior of throwing or the release of a club or golf ball will not be allowed (this includes the release of a club on a follow through swing).
- No use of inappropriate language (foul language/cursing).
- No unexcused absence (any absences without prior arrangement).
- Failure to play within the USGA and course rules of golf.
- Safe and proper driving practice when entering and exiting golf course parking lot.
- Inappropriate usage of social media that causes you, your coaches and teammates to be viewed in a negative manner (posting of pictures, inappropriate language, "liking" something that is also not appropriate, etc).
