Player Invitations

All Players Contacted

Invitations are sent in small groups for efficiency.

Invitations go out in 24, 48, 72, 96hrs and so on. We depend on replies or elapsed time on invitations before we send the next invitation(s).

All players will be contacted by email whether or not we can offer the player a position in our teams.

POSSIBLE INVITE ONLY SESSION

PRE - TRYOUT

A registration link is available on our website: www.https://www.calmagicsc.com/2022tryouts

There will be no day-of or walk-up registrations allowed.

No player will be allowed to tryout without going through the registration process and filling out the necessary paperwork. A parent or guardian must be present when registering a player and signing medical & liability forms.

TRYOUT

We offer 3-4 tryout opportunities for all players. Attending all tryouts for your age group is recommended. This allows players to most consistently demonstrate their skills and ability. You must attend at least one of the tryout sessions within your age group to be considered for placement on a team.

If there is an unavoidable conflict and you cannot attend the tryout dates and times...

TRYOUT continued...

All California Magic Soccer Club Tryouts are on all-weather fields and will be held rain or shine; unless there is lightning or other hazardous conditions. In this instance, Magic will communicate directly with impacted families regarding alterations and the website will be updated.

When arriving to the tryout, players must be accompanied by an adult.

Please arrive no more than 15 minutes prior to tryout start time for sign-in and warm-up.

On time arrival allows for a comfortable transition to the tryout environment. We aim to conduct a player evaluation with minimal stress to the child.

Players will be assessed by Cal Magic head coaches and third party head coaches for most accurate performance feedback. We will assess player's technical, tactical, physical, mental, emotional, and social maturity.

PLAYERS SHOULD BRING:

POST - TRYOUT

Our staff will collaborate and go through all the evaluations and assessments to develop the most homogenous team rosters within the age group based on current soccer, non-soccer maturity and future needs.

Players will be invited to the team and we aim to conclude the process within fourteen days of first tryout day. Players will be contacted by email that is provided during registration (please check your SPAM folder during this time as our communication server can be misinterpreted by your host as a SPAM).

Players will be given 48 hours to respond to their invitation.

If a player rejects the invitation or we do not hear back within the designated time, the next player in line will be offered the spot. All players will hear from us by email whether we are or are not able to offer the player a spot within our program for the upcoming season.

Please help us stay on track with a timely and accurate team formation process by limiting and prioritizing email and phone calls with our staff during the tryout process. Of course, if there is information that is important for staff to have in relation to your child and family, please feel free to contact us.

WHO SHOULD TRYOUT FOR COMPETITIVE SOCCER?

Competitive soccer is for those motivated individuals who are seeking a consistently challenging environment and who want to dedicate the time and effort to reap the internal and external rewards of growth over time through game of soccer. Players enjoy working with professional coaches and players with competitive spirit.

Soccer is a late specialization sport and it takes time to develop competence; therefore, commitment from both players and families is vital in this process. The ongoing gratification that comes with a commitment to soccer and the learning process can be life changing!

We offer year round care for athletes because we aim to provide them smaller chunks of information to help their learning rather than 'cramming' all material into few months. Our annual development plan starts with focus on individual player, then focus on individual and small group play, and in the final third of the season we focus on individual and team synchronization.

Please contact us at:

DO I HAVE TO ATTEND ALL OF THE TRYOUTS?

You must attend at least one of the tryouts to be considered for placement on a team.

WHEN WILL I FIND OUT IF I MADE A TEAM?

We strive and estimate all players will be notified within a week from the final tryout of the age group. Notification will be made via the email address provided during the tryout registration process.

Only one email may be used.

WHAT DO YOU LOOK FOR IN PLAYERS AT TRYOUTS?

Although ratios of these variables vary by age group, players will be evaluated on their technical, tactical, physical, mental, emotional and social maturity as well as their personality in training (work ethic, coachability and concentration).

WHEN WILL I HAVE TO COMMIT TO THE TEAM? WHAT HAPPENS AFTER I COMMIT?

When families and players are invited to join the team after the tryout, they will have 48 hours to reply to this invitation. Acceptance of invitation is considered commitment to the team since the playing position and all our resources for the upcoming year are committed to the player and someone else was not invited based on the contract created when invitation was sent and accepted by club and family, respectively.

We believe that determining the right sporting experience for your child is of key importance and we respect your need to make the right decision for your family. We will work with your family if you need additional information before committing to the club because we want to ensure this is the right place for your child.

Registration night and informational meeting, hosted by the club, for your age group will be held 2 - 4 weeks from the last tryout date. At this meeting, you will be able to meet the coaches, families on your team and families in your age group (if there are multiple teams). Our aim of this meeting is to inform you about our annual developmental objectives for individuals and the team, share our methodology and competitive outline for the year. Necessary paperwork and administration will also be completed at time of this meeting.
