### TPWD Fishing Report October 29, 2025

GOOD. Water stained; 74 degrees; 0.39 feet above pool. Striper fishing is good on live bait. Water temperatures are in the low 70s and falling this week. The water is almost done turning. The midweek cold front should improve the bite for this weekend.

### Fishing License

Two-thirds of this lake lies in Oklahoma. Anglers with Texas licenses may fish in the Texas portions of the reservoir, or [purchase a Lake Texoma license \(\\$12\)](#) to fish the entire lake.

# Lake Texoma License

With this license, valid until December 31 following the date of issuance, a person may fish in both the Texas and Oklahoma waters of Lake Texoma without any additional Texas or Oklahoma fishing licenses. A Texas resident 65 years of age or older does not need this license to fish in the Oklahoma portion of Lake Texoma. Lake Texoma license is valid **only** on Lake Texoma.
