

## WYC Daily Check-In and Waiver

The Wayzata Yacht Club (WYC) has established safe behavior codes in response to the current COVID 19 pandemic health threats caused by SARS-CoV-2. WYC will take all reasonable methods it learns about, and can perform, to prevent virus infection from its equipment and facilities. To join in this united effort for safety, it is essential that every WYC member and guest in any WYC activity, or in contact with any WYC facility or equipment, agrees with and complies with all applicable safety codes, and waive any claim against WYC for any virus infection from any source, known or unknown.

Please read the two conditions listed below. If you agree with and agree to comply with the two conditions, please endorse checking the "ACCEPT" box.

### CONDITIONS:

1. It is impossible for WYC to guaranty that you will not be exposed to any virus. You therefore waive any claim against WYC related to virus infection or disease of any kind.
2. You hereby acknowledge that you have read, understand, and agree to comply with every applicable safety code under Federal, State, and Local ordinances as well as included with this waiver. To be in compliance includes assuring that every minor age person for whom you are responsible will behave in compliance with the Federal, State, and Local ordinances and WYC Member Responsibilities and Expectations
3. This acknowledgment is in addition to, and does not replace or supersede, the Waiver that I have agreed to prior to this check-in. That Waiver, as may be updated from time to time, is in full force and effect. In the event of any conflict between the Waiver and this acknowledgment, the Waiver controls
