

Goal Scoring & Goalkeeping Clinics

Strikers will work on various aspects of how to finish in front of the goal, and how to finish under game-like pressure. Specifically, we will work on attacking moves to create shooting lanes, posting up and turning on defenders, as well as the technical aspects of driving, chipping, and bending the ball, which are the skills the best finishers in the world focus on. For Goalkeepers, we will work on proper footwork across the goal, handling all types of shots, proper diving techniques, and how to deal with crosses, 1v1's, and through balls. Come develop your skills and take your game to the next level with the Vardar MLS Next & ECNL Staff.
