

Special K

2 receives a screen from 4 and goes to the corner  
 5 then sets a screen for 4 who cuts to the ball-side corner

Special K

As 2 and 4 are cutting off of their screens, 3 takes two steps backward indicating they are the "safety" and not a threat to score.

3 then sprints to the opposite block in to the space vacated by 2 looking for a pass from 1. Often 3's defender will turn their head to look at the ball and lose track of 3 when they believe they aren't part of the inbound play.
