About the

St. Cloud Figure Skating Club

The St. Cloud Figure Skating Club is the most advanced skating club in Central Minnesota. SCFSC was incorporated under the laws of the State of Minnesota in 1973, accepted into membership by the United States Figure Skating Association in 1976. Our main goal is to promote the advancement of figure skating in Central Minnesota. We seek to develop each skater's interest and potential within an environment of support, and with the highest standards of leadership, professionalism and good sportsmanship.

Finale | When the World Turns Upside Down, Goo Goo Dolls

Annika CRANE

I am a senior at Sartell High School and have been skating since I was 3 years old. At this point in my skating career, I have passed my Junior Moves in the Field and Intermediate Freestyle tests. I am currently working on my Senior Moves in the Field and Junior Freestyle test. During my time with the SCFSC, I have enjoyed coaching with the SCFSC Learn to Skate program and performing in the Annual Ice Show each Spring.

Over the years, I have been privileged to be coached by Kris Moran and Theresa Fleege, who are both exceptional coaches. Kris always pushes me to try new jumps and makes me laugh and enjoy my time on the ice. Theresa always knows how to best encourage me to try again and brings me up on a bad day.

When I'm not skating, I like to spend time with my friends, play lacrosse in the Spring, bake, and watch movies with my sister. I also enjoy volunteering at the hospital and working as a CNA in a transitional care facility.

I am incredibly grateful to my Mom who took time to drive me to and from the rink. My Mom and Dad have always supported and encouraged me to be do my best.

After I graduate, I plan to continue my medical career by studying to become a Physician's Assistant. Figure skating has taught me many things, but most importantly I have learned that drive and determination must come from within. I'm excited to see what adventures the future will bring!

Kayli
CLYMER

senior
CLASS OF 2023

I am a senior at Tech High School in St. Cloud and have been skating since I was five years old. My babysitter was passionate about figure skating and introduced me to this sport-I fell in love! I have passed Juvenile Freeski and Novice Moves in the Field, along with Bronze Dance. I am currently working on my Junior Moves in the field test and continuing Dance testing. I was fortunate to be a member of the 2021-2023 Northernettes Novice Synchronized Skating team and competed around the country along with two years of qualifying for the the National Synchronized Skating competitions. Finally, I was awarded Platinum level distinction by US Figure Skating for my collective skating accomplishments. I have also found joy coaching in the SCFSC Learn to Skate program.

I have had the pleasure of being coached by Alexa Evenson and Theresa Fleege both for the last three years. They both have had a huge impact on my life and I'll be forever grateful for their encouragement. I have also been coached for the last 2 seasons by Alana Christie, Jillian Christie, and Hailey Voss as my Northernettes synchronized skating coaches. All in all, I have had a variety of coaches from different clubs around Minnesota through my skating career and all of these coaches have helped me become the skater and person I am today.

My favorite skating memory was the Midwestern Synchronized Skating Championships of 2022 when we qualified for Nationals and took 4th place. It was my first Sectional championship and I have great memories of being with my good friends on the team. When I'm not skating, I am involved in National Honor Society, AP classes and I enjoy being with my friends, bunnies and traveling with my family. Next year, I am attending college and plan to major in Psychology. I am currently in the process of looking at different schools. I also hope to continue skating with the goal of passing my Gold Moves in the field, dance, coaching and continue my team skating career.

I want to say thank you to my mom and dad who spent years driving me from my home and the rink, which was more often than not an hour and a half away. They, along with my two sisters, continue to support me throughout my skating career in unimaginable ways.

Along with my family, my biggest supporters have always been my friends, who made every practice worth attending and every success that much better.

Having spent the majority of my life figure skating, I have learned countless lessons that will stick with me throughout my life. The biggest lesson skating taught me was that you can't reach success without hard work. I cannot wait to see where the future and skating takes me!

advice for younger skaters

Don't put too much pressure on yourself and just have fun!

where will you be in

10 years

I will be happy and successful.

Kella MROZEK

I am a senior at Sauk Rapids-Rice High School and plan on attending the University of Minnesota in the Fall of 2023. I have been figure skating since I was 3 years old, and I will be continuing my skating career on the Northernettes Collegiate Team. I have passed my Senior Moves in the Field and Senior Solo Free Dance, making me a double Gold Medalist! I am currently working on passing my Gold Partner Pattern Dances to earn my third Gold Medal. I have been on the Northernettes Synchronized Skating Team for the past three years. I not only had the opportunity to compete all across the U.S. but I also attended the Neuchatel Trophy in Switzerland and the Hevelius Cup in Poland.

Theresa Fleege and Alexa Eveneson have been my coaches at SCFSC throughout my high school skating years. They gave me the fundamental skating techniques and skills that I needed to compete and skate with the Northernettes as a part of Team USA. Not only are they my coaches, but they are also incredible mentors and friends. Alana Christie, Jillian Christie, Hailey Voss, and Tori Bennett have all coached me throughout my Northernettes experience and I am forever grateful for the impact they have had on my skating career and on me personally. They have always pushed me to be the best version of myself. I've been fortunate to have these remarkably strong women as coaches.

Thank you to my parents, Jake and Crista, for always supporting me throughout my skating career and being my number one fans. I would not be in the place I am today without their endless faith in me. I would also like to thank my brothers and sister for being there for me throughout my journey. Kobe and Kael, I love you dearly and I am forever grateful for all the time you have spent traveling to watch me skate. Skating and traveling all across the country with my sister, Kourtney, has been one of the greatest opportunities in my life and I will treasure the memories we have made for a lifetime. I am so grateful to not only have you all as siblings but also as my best friends. I would not be in the position I am today without the friendships that skating has given me. My best friends have come from skating and those friendships will last a lifetime.

a special *thank you* to:

2023 Volunteer of the Year GENE THEISEN AWARD

Theresa Lau

This year the SCFSC Board of Directors has selected Theresa Lau as recipient of the 2023 Gene Theisen Award for outstanding volunteerism.

Theresa was first introduced to the world of skating in 2010 when her children Sebastian and Charlotte joined the Learn-to-Skate program. Charlotte skated her first Ice Show in 2011 at the age of five and was hooked. Over the years, Theresa has been a lead volunteer in many ways, including: four years as Ice Show chair, committee member for Granite City Classic and Granite City Compete USA competitions, and creator of club newsletters and social media content. While in these roles, she also serves on the Executive Board of Directors as Vice-President.

Theresa is known to jump right into volunteering her time and creative talents to help the club. She is genuine in her support and displays compassion and warmth in all of her roles. Theresa has directly impacted the club through a commitment to our youngest skaters. Because of her hard work and dedication, the Learn-to-Skate program is celebrating record numbers this year.

Theresa is married to John and works as a Child & Adolescent Psychiatrist at the St. Cloud Hospital. Whether it be at the rink or in her medical profession, helping is a consistent rhythm for Theresa and is of great benefit to our club and our community.
