

## **GDI MID-SEASON TUNE-UP**

**FLIN FLON, MB - December 28- 29, 2018**

### **Development Objective:**

As Hockey season wears on, a goaltender's focus naturally drifts as the intense training of the summer time gets farther in the rear view mirror. This is the perfect time for a GDI Midseason Tune-up. A Midseason Tune-up refreshes the goaltenders mind and muscle memory. Timed with the Christmas layoff, Midseason Tune-ups provide goalies with an outstanding refresher course just before the stretch run to the playoffs.
