

Club Directors,

This e-mail is to provide you some information & reminders for the CEVA Presidents' Day Tournament in Springfield. Please pass it along to your coaches, teams, and families.

- There are no designated camp areas in Bob Keefer Center. There is a room to sit and eat (the Ken Long Room), but food may not be kept in that room. You can bring it in, eat, and then remove it.
- Please bring a certified USAV roster to give to your official on your court prior to your first match.
- There are no coaches' meetings.
- There will be an R1 on each match. Coaches must be the R2 or must be courtside for their work assignments.
- Bob Keefer Center has been used in recent weeks as a space where the local authorities are storing equipment to clean up from the recent ice storm. Some parking may be limited. Please be patient and understanding with this situation.
- We encourage teams to wear red/white/blue jerseys during the weekend. We're not offering a formal "contest" this year for "best-dressed" teams, but we still encourage the theme for those who wish to participate. **No political statements** will be permitted on jerseys or personal equipment of coaches or players.
- Reminders on jerseys – regardless of themes – numbers must still be visible on the front and back, and libero jerseys must still contrast from the rest of the team. **Do not wear or use glitter.**
- The Purple Card Policy will be in effect at this tournament. General reminder – be nice and civil to one another.
