KILLEEN-COVE CHIEFS

Things for Coaches, Parents, and Spectators to keep in mind while children are playing on our field...

1 - This is a **game** being played by **children**.

2 - If they win or lose every game of the season, it will not impact which college they attend or their future income potential.

3 - Of the hundreds of thousands of **children** who have ever played **youth** sports, very few have gone on to play professionally. It is highly unlikely that any college recruiters or professional scouts are watching these games. So let them have some fun, learn about teamwork and sportsmanship while enjoying being a **child**.

4 - Officials are human and make mistakes, just like players, coaches and you. No one likes to be shouted at in front of other people when you make a mistake, so please don't yell at them. We do not have video replay; so, we will go with their calls."
