Relay information

The majority of the information in the Athlete Guide applies to relay teams, however there are some subtle differences. Please carefully read the information in this guide to ensure that you are prepared and ready for race day.

Registration

Registration for all athletes will take place on Friday and Saturday. It is compulsory for all relay members to attend site together to collect the race pack (please note we kindly ask for you to attend at the same time as your team captain).

Lodmoor Country Park
Saturday 14th September
08:30 - 17:00

White bag / Street wear bag

This is your street wear bag, it can be used to put any additional clothing that a team member wears before the race, or may require directly after the race.

Drop off: race day morning at SWIM start

Please remember to label your transition bags with your bib number stickers.

CHECK IN & TRANSITION

Similarly to individual athletes, relay teams must also rack their bikes on Saturday 14th September from 08:30 - 17:00.

We advise that you attend bike check in and red bag drop off as a team so that you can familiarise yourselves with the location of the relay meeting points.

Timing chip:

The athlete who checks in the bike will receive the timing chip as they exit bike check-in. This athlete is responsible for ensuring that the relay member who will be completing the swim receives this **before the race starts**.

If the swimmer is not wearing the timing chip at the SWIM start, they will not be permitted to start the race. Please note that each relay team will only receive **one timing chip**, there will not be one timing chip per person.

What is the timing chip for?

The chip will register your start time as you cross the timing mat at the swim start. It will record your swim, bike, run and finish time, transition splits and relay ranking.

When and where to collect your team's timing chip?

The cyclist must collect your team chip at the exit to the transition zone after racking their bike on Saturday 14th September.

The cyclist is responsible for ensuring that the timing chip is given to the swimmer in their team prior to SWIM start.

When and where to wear the timing chip?

The chip must be worn on the left ankle of each team member during each discipline. Your chip will be passed between team members between each discipline at the relay meeting point in transition. Please keep wearing your chip, even if you drop out of the race.

Your timing chip is on loan to you. You **MUST** return your chip at the finish line, or you will be billed for its replacement.

What if I loose my timing chip?

If you loose your chip, please let a member of the IRONMAN team know and we will provide you with a replacement so that you can continue with the race.

RACE DAY

SWIM start

Relay athletes will join individual athletes in a self-seeded rolling SWIM start. There will not be a relay only wave. Relay athletes will enter the water at the same time as individual age group athletes.

Transition meet point

In transition, there will be a dedicated meeting area for relay teams marked by purple flags and barriers.

Please make sure that all team members are aware of the location of this area prior to the SWIM start.

Each relay team will be issued only one timing chip during registration. You therefore must exchange your timing chip with your team member at the end of each discipline at the relay meeting point located in transition.

Please remember that you are responsible for managing your own transition bags.

Finish line

You have all worked together to finish IRONMAN 70.3 Weymouth, so we think that you should all get the opportunity to run down the finish line together as a team.

You will be able to join the runner approximately 100 metres from the finish line at the designated relay meet point (marked with a relay flag).

Don't forget that it is still a race, so make sure that you are at the meeting point in time to meet your runner!

All team members will receive a finisher medal and will have access to the Athlete Garden and refreshments.

Please make sure to return your timing chip at the finish line.

Bike collection

Bike and bag collection will be available from 14:00 - 18:00 on Sunday 15th September.

ENJOY YOUR TEAM RACE!
