

Player Movement Policy

Published May 2022

Updated: new

Purpose: In an effort to maintain stability for establishing teams and proper planning, the QCHA reserves the right to review and/or restrict membership for families and/or players that previously left the association to pursue play at another association. Movement into and out of the association places the financial viability of the association at risk and poses a negative impact on the existing membership. A committee will review the application for re-entry and provide recommendation to the board as a whole. A simple majority vote by a quorum of the board is required for re-admittance in a closed session. The decision for each player shall be completed within 30 days.

Procedure: The committee shall consist of 2 board members and 1 non-board member appointed by the Board President. The committee will collect all related facts and make a recommendation to the board based on several established criteria at which time, a simple majority vote is required for re-admittance. Any fees or registration collected prior to the board vote are considered conditional upon the determination of the board. If approved, notification will be provided to the family and all the rights and responsibilities of membership commence. Upon denial, the family will be notified and fees, if any, shall be refunded within 3 days. The decision of the board applies to only 1 season and the family may re-apply annually.
