

## Edmond Soccer Club Board Meeting September 21, 2021

### James-

- Architect is working on rendering for the Edmond 2030 Project (2 outdoor fields and indoor field)
- New gator is in
- Plan is to reach out on social media about needing refs, hoping to add 20-30 before next season starts. If we can get 10-15 to train we can get training at ESC, discussed the club maybe trying to offset some of their upfront costs in order to get more interest
- Send ALL events/social media opportunities so we can post about it to Taylor
- Academy teams should have a social media person and at least top teams should have a Facebook page
- Have marketing do a spotlight on Tony the grounds keeper
- No new updates from the City, waiting on engineers who are looking at the drainage issues
- Looking for a sponsor for Tots uniforms for next year
- Halloween Bonfire-getting ready to send out to Academy Teams asking for donations of candy etc
- Still looking for a golf cart to replace the one that is not working, Board agrees to try and find a gas one as they require much less maintenance

### Gary-

- BTH report 253 teams up 38 teams from last year
- Local Edmond hotels will handle Turkey Shootout travel teams not CSST, they will pay us back quicker
- Board decided no games over fall break but we will double up on October 23 weekend with Saturday and Sunday games
- Currently in house rec has no refs, we will try and split refs with NOKC as much as we can.
