	Paperwork outstanding for annual administrative items – Getting everyone caught up. Softball Tournament Director Role – Just need to know the dates. Only doing the qualifier, not state for softball. Discrepancies for coaching certification requirements. We are working to understand the rules better. Indirect costs for board and administration being discussed.

	Waiting on final P&L's for 2023-2024 Found a few items that were incorrect and fixed them for 2025 Transactions for October and moved them to the correct years Still waiting on a few budgets for 2025 Financial goals – need budgets in order to have a better idea of what our goals look like. Need capital projects to make sure we are in alignment with the board.		
BOC Report			
Presenter	Jerry Orcutt		
	Looking to make some changes to the length of the 5-8U program (starting a little later and ending a little later). We will get those finalized soon and communicated to families when registration opens up. We are still targeting to open registration for the 5-8U program, 9IH program and 10+ SW Metro Community in early January. Working on finalizing equipment purchases in January. Should be shared field equipment purchases. Travel directors are working on registering teams for tournaments. Had an issue where the CAA credit card was declined (potentially due to transactions being flagged as fraud), but I believe TJ and Kim worked through that with Terre. 84 tournaments registered for so far. We will look to finalize the Dome schedule (for February) before the holidays and publish to team calendars. Just had uniform fittings.		
SOC Report			
Presenter	Brett Sween		
	Finalizing offseason clinics and training. Working with the High School team. Targeting mid-Dec through Feb and open to 8U-12U. Cages in Chaska HS. Looking at finding a combo for training for the off-season. Registration should open early January and be open for 5-6 weeks for all other programs. Uniform timing and fittings. Targeting February 20th and 25th for try-ons. Photo day moving up if possible. Need to update the website. HS program collaboration and development opportunities. Also thinking about partnerships with surrounding cities and clubs
