

# The best video tools for the entire club's development and recruiting needs.

## Get noticed.

Every athlete can enable a comprehensive recruiting profile—with athletic and academic achievements, as well as highlights—for greater ownership over their recruiting journey.

## Learn from video.

Coaches can use Hudl to pinpoint where athletes should direct their focus. Learning is no longer restricted to practice—athletes can dedicate time off the court to review video and learn new concepts.

## Improve with insights.

Tying data to the video puts an objective spin on each athlete's strengths and weaknesses. They can also track key stats throughout the season to see how they improve from match to match.

# Benefits to Parents

## Don't miss a moment.

Every match from the entire season is available to view on the team Hudl account. You can even use your athlete's stats to skip right to their best plays.

## Put down the camera.

No need to stress about capturing every move your athlete makes. Only one person needs to record the match because everyone will have access to it on Hudl.

## Create quality highlights.

Saving big plays to share with fans and recruiters only takes a couple of seconds. And with access to title slides, music and spot shadows, athletes can create video highlights that stand out.

## Own the recruiting process.

A Hudl profile packed with highlights will help athletes gain traction and get on the right recruiter's radar. The next level is within reach—and completely up to them.
