D5 Fees	13%
Software Fees (Sports Engine, Tryouts & Ice Scheduling, etc.)	5%
City of Buffalo - Lease	46%
Insurance	8%
TOTAL	100%

How does BYHA pay for other items such as Tournaments, Skills Clinics, Coaches, etc.?

Did you know BYHA subsidizes these expenses through gambling revenue along with several donation/fundraising events such as the Ice-In Golf Tournament? Without these successful events to bring in a significant amount of revenue, we would not have the funds to play in tournaments or the additional equipment and training provided to our youth.

Why do I receive a monthly Ice Bill?

Renting Ice is very expensive. At over \$200 per hour, your monthly ice bills go directly to pay those fees BYHA incurs every month.

My Team Manager asked me for a 'Team Slush Fund', Why?

Slush Funds are funds pooled by each team and are used throughout the year to cover expenses the team chooses to incur such as: refs for a scrimmage, team apparel, team parties or activities, etc. These amounts are determined by the coaching staff and team manager and can vary from team to team. Any money not spent will be returned to you from your team manager.

You will likely still have questions and that is ok!! Please reach out anytime and we are happy to help.

On behalf of BYHA, thank you!!

Shawn Kirschner

BYHA Treasurer
