4. Executive & Administrative Reports-
 - A. President-Steve reported that Epicenter Mt. Pleasant wants to do a report on AHAMP and the history of our program. He spoke with the reporter and is going to have her get in contact with Brittany and will give her Gabbi's number so she can talk to her as well as she wants to speak with a player who was involved in the program. Steve also reported that our numbers are a little low still and we need players to get registered. We are not at our projected numbers yet.
 - B. Vice President-Blaine reported that he was subpoenaed for an incident that took place a year and a half ago between one of his players' dad and another dad from the opposing team. He suggested that all coaches have a parent meeting at the beginning of the season and let parents know that they represent AHAMP and can not be behaving in a manner that goes against our parent code of conduct. Blaine also mentioned that we need to get a goalie coach. Someone that will come work with our goalies and help them out. Even if it is one time a week. He will look into this more and see if he can find someone who is willing to do this and will get back to us.
 - C. Secretary-nothing
 - D. Treasurer-Kristen reported that she has been approached by two parents who would like scholarships and that she may get more. If anyone needs a scholarship, send them Kristens way.
 - E. Ice Scheduler-Shannon reported that she has her scheduling meeting on September 30th and that she will need the number of teams we will have this season by the 21st. It is \$25 per team and she will send the game request sheets to the coaches. She announced that the Saginaw Bantam team is in need of a goalie. She will verify the practice schedule with Brittany.
 - F. Registrar-Melissa made a motion and it was seconded by Amy to have Kayla Dietric as our new registrar.
 - G. ACE-Absent
 - H. Safe Sport Coordinator-Absent
 - I. Growth Coordinator-THFF will be September 25th at 2PM. So far we have 10 players registered. There are flyers to hand out. Let's try to get more players signed up!
5. Standing Committee Reports-
 - A. Public Relations-Melissa reported that she is working with Logos Galore and will have our apparel store up before the season starts.

- B. Equipment-Gabbi reported that the equipment room is a hot mess. They are taking the wall out so we will have more room. Gabbi has some shelving we can put together and put up in the room and use for gear. People have been turning stuff in and just throwing it in the room. She is going to be stricter about borrowing equipment and signing gear out. LTP gear hand out will be on Sept. 28th and Mites gear handout will be an hr before their first practice. Gabbi reported that she can not recertify helmets.
- C. Fundraising-Brittini reported that she is going to mark the wreaths up a little more this year. She will send us a flyer to look at before she sends them out. She would like to meet with the teams when they have their parent meetings so she can fill them in on our fundraiser. Teams can do their own fundraising for tournaments, but it has to be approved by the board first. We do not want teams doing the same fundraisers.
- D. Tournament-Amy reported that she will need the official roster for teams 2 weeks before and the final roster one week before. She is still working on the Mites end of the tournament. Amy also reported that she needs more help this year. Melissa will help her set up a sign up genius to get parents to help out. Each team will be required to help out. Brittini will take charge of the bake sale. Steve will put our tournament on our website.
