

Mission Statement

The Port Chester Youth Baseball League is committed to providing all of the children in Port Chester an opportunity to participate in a baseball program designed to enhance elements that are essential in total character development.

To that end:

We will stress effort and attitude over aptitude and achievement. Our focus will be on education rather than ability. Through our tutelage, we will encourage the children to display good sportsmanship, honesty, loyalty, courage, integrity, and respect for authority in the hope that we can help them become stronger, healthier, happier, well adjusted boys and girls.

On behalf of the children of Port Chester, we invite you to make a donation to our program.

In 2004 the Port Chester Youth Baseball League assumed administration of the baseball program from the Village of Port Chester. At that time, there were approximately 200 Port Chester children participating in the program. We are proud to say, thanks to our sponsors and volunteers, we have raised that number by well over 100%!

Not only have we been able to raise the participation level, but because of the generosity of our friends and village residents, we were also able to make many improvements to the Lyon Park and Recreation Park facilities for our children and all residents to enjoy.

As we look ahead to the upcoming season, we are expecting another large increase in the number of children who will share in the fun and excitement that our program provides. With the increase in participation, we will be incurring an equally astounding financial burden.

We are currently seeking all levels of support. We hope you will consider helping us and we look forward to teaming with you to continue our quest to positively shape the lives of our children through athletics.
