D10 Rep/Registrar – Amy Blain

Pee wee Director – Matt Rogers

Communications Director – Steve Mitrano

Equipment Manager – Spencer Dalby

Fundraising Chair – Chrissy Cogavin

Middle School Director – Jeff Vinciulla

Girls Director – Stephanie Gallagher

President's Address:

This year we had 17 full season teams. 3 middle school teams, 1 half season midgets team.

We won 4 championships. Bruins LTP was a big success. We had 6 imite teams.

The alternate program has continued to help us retain players. Teams averaged 2 practices per week. Tryout registration number climbed once again. Sponsorships were a big success.

Challenges – economic inflation, skills attendance at the older age levels, club hockey pulling kids from the program is still an issue. Need to better focus on a girls program.

Banquet was a bit crazy with space issues and sound. The fundraising still remains too critical to our bottom line. Focus needs to stay on skill development and not winning games.

We have about \$23k in Bank of America, with lots of bills that came in in April. Our Savings account is flat. We were profitable this past fiscal year. Coaches need to NOT cancel games if possible. This costs us money. The tuition increase helped a lot. More kids, more alternates. We did a good job of moving kids up the program from imite to mite, etc. Our costs were up \$22k this year. Last year they went up \$32k. Fundraising for this year went up by \$12k from last year. We raised close to \$30k in fundraising.

Meeting adjourned at 8:05 pm
