

HORTONVILLE HOOPS CLUB COVID-19 - PLAYER, COACH, SPECTATOR GUIDELINES

All players must complete the registration process, including a Concussion and a COVID-19 waiver before they can participate in any practices, games, or tournaments.

- Hortonville Hoops Club must follow the HASD Covid-19 requirements at all times during use of our home facilities. If our club is playing at a facility not operated by HASD, we will be required to honor the sponsoring facilities requirements.
- Symptom Assessment: Players, Coaches and Spectators are to do a daily symptom assessment prior to coming to practice/games (self-evaluation). Anyone experiencing symptoms including a temperature of 100.4 or higher and/or other symptoms must stay home and not participate. HASD Symptoms checker can be accessed here:
<https://www.hasd.org/community/covid-19-daily-updates.cfm>
- Practices will be reduced to 1 hour and 15 minutes for the 2020/21 season. This will allow for a necessary 15-minute window between practices to allow coaches and players to transfer with no contact with other grades or teams.
- Parents will not be allowed to enter the school buildings or gyms for practices. Players need to enter on their own and parents will be asked to wait outside in their vehicles until practice is completed. If you drop your child off early, or pick them up late, they will need to wait outside or in the school entryway (if in the entryway, a mask is required). No congregating in commons areas.
- Facial Coverings: Players are required to wear masks at all times, unless playing in a 5 on 5 format. Coaches and Spectators are required to wear masks at all times.
- When not wearing their mask during 5 on 5 play a player may either place the mask in the pocket of their gym shorts OR place in their gym bag.
- Social Distancing: Players and Coaches will be expected to social distance when not playing in a 5 on 5 format, or running specific practice drills. Spectators during games are encouraged to social distance unless with members of the same household.
- Players should refrain from high fives, handshake lines, and other physical contact with teammates, opposing players, coaches, refs, and fans. A 'tip of the hat' type gesture is recommended.
- Players must bring their own water bottles, and should be kept in their bags. School water fountains are not on for use.
- Games held at HASD facilities, 1 spectator will be allowed per player. Spectators must exit the facilities when their player is done playing, families should not stay to watch games their child does not participate in. Confirmed Cases or Close Contact:
- Hortonville Hoops Club will adhere to HASD positive test and quarantine policies.
- Immediately contact your coach so proper contact tracing can be completed. Hortonville Hoops Club will only be responsible for contact tracing during the time that the player was participating in club activities. We will not be responsible for further contact tracing. School and other activities must be contacted by the player's family.
- Any player that is quarantined from school, must quarantine from practice and games for the same time period.
- A player may not participate in practice or games if any household member has a pending test. They may return immediately if tests results are confirmed negative as long as the player is not exhibiting any COVID-19 symptoms as outlined in the HASD symptom checker.
