- Spring Sports- Tommy
 - LAX – Teams are rostered, practices have started and coaches are in place.
 - Baseball – Baseball has successfully held two tourney weekends so far, season is off and running. Enjoying use of the two updated fields at Ponds.
 - Softball – Shake the Lake was washed out by rain. A new tourney will be held in mid-July instead – many teams have already registered for the new offering. Enjoying use of the two updated fields at Ponds.
 - Track & Field – Season is half over and going very well. One instance of bullying was reported and when Track leadership attempted to speak with the parents of the athlete allegedly doing the bullying, they unfortunately simply quit the season rather than deal with the issue.
 - Tennis – Hoping to install the new hitting board at TOMS this season. Great #s again this season.
- Fall/Winter Sports - Lindsay
 - Cheer – Comp tryouts are done and teams rostered. U of M Cheer team members again used for athlete evaluations and they were again professional and an asset to our process. Sideline registration currently open.
 - Football – Request made for additional storage space at Ponds Park. Chris will talk with city about options. Many helmets being refurbished this off-season. 7-on-7 filled up very quickly for this summer.
 - Volleyball – no update
 - Basketball – New VP Aaron Arterbury is immersing himself in the program. Aaron and Lindsay sat in on HS Basketball coach interviews. Status of summer basketball camp still up in the air. Former Head Coach Miller says he is still running his camp this summer but lots of unanswered questions. P.L.A.Y. could offer a substitute but cannot do so until the Miller camp is “put to bed” one way or the other. We feel stuck and helpless in the situation.
