

COVID-19 RELEASE & HOLD HARMLESS AGREEMENT

The Lindbergh Hockey Club will be following USA Hockey Guidelines as they return to the ice. The undersigned understands that all players must abide by the rules set forth by Affton Athletic Association. Further, the undersigned understands and agrees that:

- All player's temperatures will be taken at the door upon entry. If any player is not feeling well in any way, he or she should not come to the rink for that week's ice times.
- Only players, rink staff, and game staff (coaches, officials, etc.) will be allowed in the rink. Family, friends or other spectators are prohibited from entry.
- All players will only be allowed into the rink 25 minutes before the start of their ice times. If a player shows up early for their scheduled ice time, he or she will be required to wait to enter until the 25-minute entry mark.
- Each team will use two dressing rooms when changing in and out of equipment.
- The front door of Fenton Forum will be used as an entrance only. There will be designated exit doors for players to use.
- Players MUST bring their own water bottles, which they cannot share with others. Bottles should be clearly marked to avoid confusion.
- When a player's time is finished, each player is to leave the facility as soon as possible.

The undersigned understands that exposure to disease-causing organisms and objects, such as COVID-19, and personal contact with others, including but not limited to players, coaches, rink staff, and others associated with Lindbergh Hockey Club, involves a certain degree of risk that could result in illness, permanent disability or death. The undersigned also acknowledges that it is impossible to screen and/or monitor such individuals.

After fully and carefully considering all the potential risks involved, I hereby assume the same and agree to release and hold-harmless Lindbergh Hockey Club and its coaches, officers, employees, agents, and volunteers from and against all claims and liability resulting from exposure to disease-causing organisms and objects, such as COVID-19, associated with my playing hockey for Lindbergh Hockey Club.
