Old Business:

New Business:

- Conversation about tournaments on an ongoing basis including summer
- Booking of ice for tournament dates that are already solidified

Bonnie Baughman

- Request for 2 hours of ice for players to skate and bring a donation for military parents who are deployed
- We have a number of players with talent who are unable to travel for a variety of reasons. We have players with special needs that are joining OHC. Our dynamics are changing, and our house program should be able to evolve along with these dynamics and meet talent where it begins and identify the best growth and development for each player/team. A proposal has been presented to develop a path to assist in doing this. It will be reviewed
