GOOD LUCK!

Well, opening day finally came around only to get washed out by the rain. Some of the diehard ballplayers still showed up hoping to get the game in. Will have to wait until next Sunday to start the action.

Meanwhile: Delta-Force pulls off big trade to acquire Stevie J. Nasar from Golden Jets for Mitchell Gemal. Stevie returns to the league after a long layoff. Can he return to form of those glory years when he covered centerfield with lightning speed, a sure handed glove and a quick bat? Golden Jets looking for pitching help, welcome Mitchell a solid pitcher who'll see a lot of action teamed up with Yogi. Look for Mitchell's bat to play a big part in Jet's offense.

#### THE PLAYOFF BREAKDOWN

will see one division of all nine teams. The top six teams will make the playoffs with 1st and 2nd place teams getting bye's in the 1st round.

#### THIS WEEK'S MATCHUPS

##### "Z" Flyers vs Golden Jets

Ralph Zalta, Nathan Tawil and Marty Miz all played for the Kassin group last year. They should have a big day against their former teammates. Along with the rest of the Z-Flyers attack. They should put the pressure on the Jets pitching staff early.

Sammy's Golden Boys could score a lot of runs led by Jackie Braha. With Zilberman-Shalom-Sabin setting the tables for "Golden Jet" himself or Elliot "Home-Run" Gindi to clear 'em up. We see two high scoring games with "Z" Flyers taking both.

##### The Partiers vs. G. Q.

The Partiers will have to face Moses this week without the benefit of a practice and could find their timing a little off. While Alex may have some problems with the G. Q. lineup which is filled with solid hitters from top to bottom. G. Q. has its own problem trying to figure out who will play 3rd base. Elliot "Spectacular Catch" Braha will do just that to save one of the games for the Partiers while G. Q. powered by Kattan and Haddad hold on to win the other. These teams should split.

##### Delta Force vs Crunch

Abie Cohen is still away and leaves the managing to Jackie Matalon. Steve Aizer may be the best pitcher in the league. Backed by an all around solid defense Delta Force could prove to be very tough on the young kids of Capt. Crunch. Eddie Mishan and Peaches should come up with a few key hits and if Erwin Braha gets hold of an Aizer fastball watch out! Both games will be low scoring and decided by one run. A sweep could go either way.
