Flutter Kick

Lay flat on back with your legs straight out. Raise your legs to 6 inches off the ground. Move right leg to 12 inches and then alternate right and left leg between 12 and 6 inches. Completing both right and left leg flutters count as 1 rep.

Crunch

Lay on your back with your knees bent and feet on the ground. Place both hands behind your head next to your ears or cross over your chest. Use your core to lift your shoulders and knees toward one another, forming a crunch position. Focus on squeezing and isolating your abs, while exhaling on the way up, and inhaling on the way down. To avoid straining your neck, you should not pull your head with your hands.

Squat

Start in a standing position with your legs shoulder-width apart and toes pointed slightly inward. Bending at the knees go down to around 90 degrees while keeping your back straight and not letting your heels come up off the ground. Keep your chin up and eyes directed forward. Then go back up and repeat. This exercise requires focus on technique rather than speed.

Hip Raises

Start on your back, with your legs positioned straight out. Move your right knee into a 90 degree formation. Then straighten your left leg next your right knee (your right foot should still be on the ground). Place your hands on your hips. Raise your hips off the ground as high as you can while keeping your leg straight. Then move your hips back down to the ground. Repeat.

Lay Down Pushups

Lay on your stomach with your hands above your head straight-out. Move your hands into your chest and then push yourself up off the ground while keeping your hips, butt and back straight. Go back down to laying on your stomach with your hands above your head.

Sit Up

Lay on your back with your knees raised in an upward position. Place both hands behind your head next to ears and pull head up off the floor toward knees. Make sure to squeeze and isolate your abs rather than pulling your head/neck with your hands. Have your elbows touch your knees and then back down to the ground and repeat.

V Up

Lay on your stomach with your hands above your head straight-out. Move your hands into your chest and then push yourself up off the ground while keeping your hips, butt and back straight. Go back down to laying on your stomach with your hands above your head.

Squat Jump

Lay on your back with your knees raised in an upward position. Place both hands behind your head next to ears and pull head up off the floor toward knees. Make sure to squeeze and isolate your abs rather than pulling your head/neck with your hands. Have your elbows touch your knees and then back down to the ground and repeat.

Flutter Kick

Lay flat on back with your legs straight out. Raise your legs to 6 inches off the ground. Move right leg to 12 inches and then alternate right and left leg between 12 and 6 inches. Completing both right and left leg flutters count as 1 rep.

Crunch

Lay on your back with your knees bent and feet on the ground. Place both hands behind your head next to your ears or cross over your chest. Use your core to lift your shoulders and knees toward one another, forming a crunch position. Focus on squeezing and isolating your abs, while exhaling on the way up, and inhaling on the way down. To avoid straining your neck, you should not pull your head with your hands.

Knee Pushup

Start with both knees on the ground with your hands in front of you and on the ground. Straighten your back. Lower your chest toward the ground and push yourself back up.

Squat

Start in a standing position with your legs shoulder-width apart and toes pointed slightly inward. Bending at the knees go down to around 90 degrees while keeping your back straight and not letting your heels come up off the ground. Keep your chin up and eyes directed forward. Then go back up and repeat. This exercise requires focus on technique rather than speed.

X Jump

Start in a standing position with your feet shoulder-width apart and arms above your head. Reach down using the right arm to the left leg. Touch, then extend upward and jump. When you come down, you will reach down using left arm to your right leg and jump up again. This is considered 1 rep.

Toe Touchers

Lay flat on your back with your hands straight behind your head. Your arms and hands will rest on the ground in the starting position. Move your legs straight up to an L position. Isolate your abs and reach up to your toes. Focus on proper technique in each rep rather than speed. Once complete, return to the starting position and repeat.

Plank

Lay flat on your stomach. Place your forearms on the ground and move off the ground to pushup position, while your forearms are still on the ground. Make sure your back is flat and butt is not raised. Hold plank position for time shown in your Epic Pro Guide.

Mountain Climber Pushup

Start up in the air with your toes on the ground and hands even with your chest (Push up position). Pull your left knee toward your left elbow and then back out to original push up position. Now, Move your right knee toward your left elbow and then back to push up position. Go down bending your elbows until your chin touches the ground to do a push up, with your head up and back straight and finish going back up to push up position. This is 1 rep.

Pushups

Start by laying on your stomach with your hands by your chest. Push yourself up in the air with toes on the ground and hands even with your chest. While lowering your torso, bend your elbows until your chin touches the ground with your head up and back straight. Push arms back up to full extension.

Single Leg Hop

Start in a standing position with your feet shoulder-width apart. Bring one knee to a 90 degree angle off the ground. Bend down, with your foot on the ground and jump as high as you can. Make sure you use arms to propel yourself off the ground. Land softly and repeat.

Burpee

Start in a standing position feet shoulder-width apart with your hands above your head. Jump up as high as you can. When you land, go down to a pushup position. Do a pushup. Then bring feet into your chest as you work to a standing position. From this crouch (feet near hands) and jump again as high as you can (which is the beginning). Repeat.

Straight Leg Situp

Start in a standing position with your feet shoulder-width apart. Bring one knee to a 90 degree angle off the ground. Bend down, with your foot on the ground and jump as high as you can. Make sure you use arms to propel yourself off the ground. Land softly and repeat.

Squat Press

Lay flat on your back with your feet together and hands straight behind your head. Your legs and hands will be on the ground in the starting position. Move your legs and hands off the ground at the same time toward each other. Isolate your abs by pulling them off the ground. You will create a “V” with your body. Return to the starting position and repeat.

Wide Pushup

Start by laying on your stomach with your hands by your chest but making them wider than your shoulders. Push yourself up in the air with toes on the ground and hands even with your chest. Go down bending your elbows until your chin touches the ground with your head up and back straight. Push arms back up to full extension.

Diamond Pushup

Start by laying on your stomach with your hands by your chest. Push yourself up in the air, with your toes on the ground. Then place your hands on the ground toward the center of your chest, while forming a diamond shape with your two thumbs and index fingers. Lower your torso and bend your elbows until your chin touches the ground. Your head up and back should remain in a straight position. Push your arms back up to full extension.

BiCycle Crunch

Lay flat on your back with your hands behind head touch your ears. Bring your knees off the ground. Alternate pumping your elbow to your knee as if you were pedaling a bike. Your right Knee to left elbow and left knee to right elbow counts as 1 rep.

Lunges

Start in a standing position. Feet should be positioned shoulder-width apart. Step forward with your right foot and bend knee to a 90 degree angle. Your left knee should almost touch the ground. Then stand back up and repeat with your left leg.

Reverse Crunch

Lay flat on your back with your legs straight in the air. Your butt should remain on the ground. This is your starting position.

Bring your butt off the ground. Pull feet high until the small of your back is off the ground. Then back down to resting and repeat.

Long Jump

Start in a standing position with both feet together. Jump forward as far as you can while keeping your feet together. Make sure to propel yourself forward with both arms. You should land in a squatting position without landing on your heels.

Forward - Backward

Place a cone on the ground. Start behind the cone with both feet together. Jump forward over the cone and back to the starting position with your feet together for the assigned time. Variation 1 foot in the air.

Back, Forward, Right, Left

Place a cone on the ground. Start behind the cone and jump forward to the front. Next, jump to the right side of the cone and then over the cone to the left side. Finally, jump back behind to the beginning of the pattern. Repeat pattern for time assigned. Variation 1 foot in the air.

Back, Right, Forward, Left

Place a cone on the ground. Start behind the cone with both feet together. Jump to the right of the cone, then to the front of the cone. Now jump to the left of the cone and back to the beginning. You are now positioned behind the cone. Repeat the pattern for assigned time. Variation 1 foot in the air.

Right - Left

Place a cone on the ground. Start on the left side of the cone with both feet together. Continue jumping back and forth from the left side of the cone to right side of the cone with your feet together for assigned time in your Epic Pro Guide. Variation 1 foot in the air.

Cone Dribble Right Only

You will start by putting 3 cones out a foot apart. Using your right foot you will move the soccer ball in and out of the cones until you get to the end. Then turn and go back. Proper technique requires using the inside of the foot to push the ball through the cones and the outside of the foot to move it back through the cones. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue with the pattern for time assigned.

Cone Dribble Left Only

You will start by putting 3 cones out a foot apart. Using your left foot you will move the soccer ball in and out of the cones until you get to the end. Then turn and go back. Proper technique requires using the inside of the foot to push the ball through the cones and the outside of the foot to move it back through the cones. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue with the pattern for time assigned.

Both Feet Inside Only

You will start by putting 3 cones out a foot apart. Using the inside of your right foot you will move the soccer ball between cones to the inside of the left foot. Proper technique requires using the inside of the foot to push the ball through the cones moving it back and forth through the cones. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue with the pattern for time assigned.

Both Feet Outside Only

You will start by putting 3 cones out a foot apart. Using the outside of your right foot you will move the soccer ball between cones to outside of your left foot. Proper technique requires using the outside of the foot to push the ball through the cones moving it back and forth through the cones. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). This exercise has a premium on touch and moving your feet to catch up to the ball. Continue with the pattern for time assigned.

Juggle Right Bounce

Using the top of the right foot only. Let the ball bounce then hit it back up in the air. Once it bounces, hit it again in the air.

Looking for tiny touch and learning how to judge a ball. You should flick off the toe. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue to touch with right foot only for time assigned.

Juggle Left Bounce

Using the top of the left foot only. Let the ball bounce then hit it back up in the air. Once it bounces, hit it again in the air.

Looking for tiny touch and learning how to judge a ball. You should flick off the toe. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue to touch with left foot only for time assigned.

Juggle Both Bounce

Using the top of the right foot only. Let the ball bounce then hit it back up in the air. Once it bounces, hit it again in the air using the left foot. Looking for tiny touch and learning how to judge a ball. You should flick off the toe. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue to alternate touches between right and left between bounces for time assigned.

Juggling Right

Using the top of the right foot only continually hit the ball back in the air. Looking for tiny touch and learning how to judge a ball. You should flick off the toe. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue to touch with right foot only for time assigned.

Juggling Left

Using the top of the left foot only continually hit the ball back in the air. Looking for tiny touch and learning how to judge a ball. You should flick off the toe. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue to touch with left foot only for time assigned.

2 Right, 1 Left

Using the top of the right foot only continually hit the ball back in the air two times. Then switch and use the left one time. Then back to right for two and left for one. Looking for tiny touch and learning how to judge a ball. Concentration on assigned thinking task is key. You should flick off the toe. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue to juggle with pattern for time assigned.

Juggling Both

Using the top of the right and left foot only continually hit the ball back in the air while alternating feet. Looking for tiny touch and learning how to judge a ball. You should flick off the toe. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue to touch with the top of each foot while alternating feet for time assigned.

2 Left, 1 Right

Using the top of the left foot only continually hit the ball back in the air two times. Then switch and use the right one time. Then back to left for two and right for one. Looking for tiny touch and learning how to judge a ball. Concentration on assigned thinking task is key. You should flick off the toe. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue to juggle with pattern for time assigned.

Seated Both

Start by sitting on the ground. Using the top of the right and left foot only continually hit the ball back in the air while alternating feet. Looking for tiny touch and learning how to judge a ball. You should flick off the toe. Make sure to keep proper balance (chest and shoulders over the ball when taking your touch). Continue to touch with the top of each foot while alternating feet for time assigned.

Seated Right

Start by sitting on the ground. Using the top of the right foot only continually hit the ball back in the air. Looking for tiny touch and learning how to judge a ball and working on perfect touch. You should flick off the toe. Continue to touch with right foot only for time assigned.

Seated Left

Start by sitting on the ground. Using the top of the left foot only continually hit the ball back in the air. Looking for tiny touch and learning how to judge a ball and working on perfect touch. You should flick off the toe. Continue to touch with left foot only for time assigned.

Tuck Jumps

Start in a standing position with both feet together shoulder width apart. Jump as high as you can while bringing both knees toward your chest. Make sure to thrust upward using both arms. Repeat.

Single Leg Hop

Start in a standing position with your feet shoulder-width apart. Bring one knee to a 90 degree angle off the ground. Bend down, with your foot on the ground and jump as high as you can. Make sure you use arms to propel yourself off the ground. Land softly and repeat.

Mountain Climbers

Begin the exercise in a pushup position - hands and arms should be positioned slightly below your shoulders, fingers pointed forward. Both feet should be next to each other. From the pushup position, bring your right knee to your chest. Swiftly return to the push up position. Then repeat by bringing your left knee to your chest and return to the pushup position. This is one rep.

Straight Leg Situp

Start in a standing position with your feet shoulder-width apart. Bring one knee to a 90 degree angle off the ground. Bend down, with your foot on the ground and jump as high as you can. Make sure you use arms to propel yourself off the ground. Land softly and repeat.
