Wisconsin High - Coach Peter Kintis
1952 TEAM CHAMPIONS, MILWAUKEE SOUTH

RONALD WHIPP
0-2

A high school wrestling bout consists of three periods of two minutes each; the first period starts with both boys on their feet. The second and third periods start with the wrestlers on the mat on their knees in what is known as the "referee's position on the mat." Each boy is given the upper or "control" position to start one period.

The objective in amateur wrestling is to CONTROL THE OPPONENT and if possible to hold his shoulders on the mat for two seconds; this is known as a "fall" and is the highest degree of control. A fall wins the match. If no fall occurs, a decision will be awarded one boy; this decision is based upon the maneuvers a boy is able to execute in gaining control, maintaining control and trying to win a fall. These maneuvers are scored objectively, as follows:

Take the opponent off his feet and to the mat.....	2 pts.
Escape from below to neutral position on feet	1 pt.
Escape from below and go on top on one move	2 pts.
Score a "near fall" (Nearly win a fall)	2 pts.
Each minute of net time in control position	1 pt.

Any hold or grip that is used to punish a boy or which might injure him is illegal and cannot be used. Stalling is not permitted and will result in a boy being penalized.

In determining the winner of a tournament, a team is given six points for each first place, four points for each second place, two for third and one for fourth. One additional point is awarded a team for each fall won by any of its members. You may tabulate the team score on the table provided on page four of this program.

103 POUND CLASS 1952 Champion, Len Krzkowski, Milwaukee South

David Hamel (Wisconsin High)	7-0	David Hamel	Pyka 6-2
Jim Lowe (Racine Horlick)			
Ed Lasecki (Stevens Point)	pin 3:10	Ron Pyka	Lasecki 4-3
