

KENOSHA THUNDER

BE A SPONSOR & EMPOWER YOUTH SPORTS

Welcome to the Kenosha Thunder High School Hockey Sponsorship page

The Kenosha Thunder Hockey Program consists of players from Indian Trail High School, Tremper High School, Bradford High School, Lakeview Technology Academy, Harborside Academy, Westosha Central High School, and Wilmot Union High School. The Pleasant Prairie RecPlex serves as our home ice. The 2023-2024 hockey season brings much excitement. Our program is entering its fifth season with our coaching staff and board members. We are extremely excited about the improvements that have been taking place to develop our athletes and the future of high school hockey in our community!

The Kenosha Thunder Hockey non-profit 501(c)(3) organization allows Boosters to fundraise in support of athlete and team development. We are being challenged to keep student athletes on the ice and in the gym. Being able to compete brings a healthy lifestyle and helps battle mental anguish. Support from organizations, such as yours, allows the Kenosha Thunder Boosters to provide coaches with the financial support necessary to enhance the Hockey Program in several ways:

- Supplement and purchase player uniforms.
- Supplement and purchase equipment for on and off ice programs.
- Player meals after away games/hydration and fruit for home games.
- Coach Bus upgrade for games requiring increased travel.
- Annual Game/Practice scheduling technology membership.

We are currently preparing for the 2023-2024 season, and hope that you will consider a sponsorship for the Kenosha Thunder Hockey Program.
